

Coloring Modern Art

Hello Students!

We all remember how we're signaled in our art class. I say "Van" while you and your classmates say "Gogh!" This week, we're going to color one of his masterpieces, *The Starry Night*, 1889.

- What do you think Van Gogh used to make this piece?

YOUR TASK

Make your own coloring of The Starry Night! You can experiment with different colors, or even try to use colors similar to the ones Van Gogh uses!

- Remember to have fun!
- Use whatever materials you have at home. (Ex: Crayons, colored pencils, paints)
- Write down your answer for what material you think Van Gogh used.
